FRESH INVASION OF SUIYUAN MAY FOLLOW

ATTEMPT TO RECOVER LOST STRONGHOLDS

Peiping, May 2.—Mongol irregulars under Prince Teh called a conference of all banner leaders in Chahar on May 1, the anniversary of the birth of their famous ancestor, Genghis Khan, to discuss measures for the eventual establishment of a Mongolian puppet state in Northern Chahar and the eventual expansion of the area to Suiyuan, reports from Peiping stated to-day.

IMPROVEMENT OF KWANGTUNG

Governor Wu's Views On Reconstruction

Industrial Development Is Essential

Speaking at the memorial service at the Kwangtung Provincial Government House, Governor Wu Te-chen outlined his views on the reconstruction of his native province, and emphasized that reconstruction must be divided into political, economic, cultural and rural reconstruction.

The meeting was convened at Huatsh, Northern Chahar, and a fresh invasion with the aid of the "Manchukuan" forces of Suiyuan will follow the conference. Prince Teh and his followers are said to be anxious to recover his strongholds in Tamlao and Pallimiao, which last year formed the military bases in their invasion of Suiyuan and which were captured by gallant Suiyuan cavalry units.

Considerable military activities still are going on in Northern Chahar and more than a division of troops are being concentrated at Shangtu, Chahar-Suiyuan border. The Suiyuan defenders are taking all necessary precautions although the immediate outbreak of hostilities is not expected.—*Union News.*

SHIPPING IN CHINA WATERS

Japan Far Behind Britain In Every Respect

"British influence in the Chinese shipping world is much stronger than Japanese," admitted Mr. Hori, president of the Nisshin Kisen Kaisha, when interviewed on the Shanghai Maru which arrived in Kobe recently.
Mr. Hori visited China as a member of the Economic Mission, and has been touring the Yangtze district since the break up of the Mission in Shanghai some time ago.

"The shipping problem was not discussed at the Sino-Japanese Economic Conference in Shanghai," Mr. Hori declared. "Nor did I take the initiative in the suggested amalgamation of Japanese and Chinese steamship companies in China. The time is not ripe for such an undertaking."
Continuing, Mr. Hori said that Britain to-day occupies a dominant position in Chinese shipping. Along the Yangtze the Nisshin Kisen Kaisha is the only Japanese shipping company running a regular service, its fleet consisting of 16 vessels or 36,000 tons. There are two British concerns, and their tonnages reach 68,000 tons. Chinese vessels total 75,000 tons. As for the coastal service, the aggregate tonnage of Japanese ships is only 100,000 tons, although British tonnages range from 170,000 to 200,000 and Chinese tonnages from 130,000 to 150,000.

BISHOP HALL'S MISSION TO KOWLOON

Striking Sermon On Religion

The Bishop of Victoria, Right Rev. R. Owen Hall, commenced his special mission to Kowloon yesterday morning when he delivered a striking sermon on "The Heart of Religion" to a full congregation in St. Andrew's Church.

The Bishop commented that there were two religions competing for the souls of men, and one of them was a religion of sacrifice which flourished in many European countries, notably perhaps in Russia, and its followers believed that something inevitable would happen in this world and in that faith one would find men killing their best friends for the sake of national order.

In the course of his sermon the Bishop said:—

Religion is ours; it is not something we believe, or think, or do. The heart of religion is God, what God is and what God does. Jesus is the heart of religion because He is the heart of God, active amongst the sons of men. The prayer He had used is very near to the heart of religion because it is our answer to that activity of God. God has given us leadership and friendship through Jesus Christ who has called us to obey Him so that we may do His will day by day.

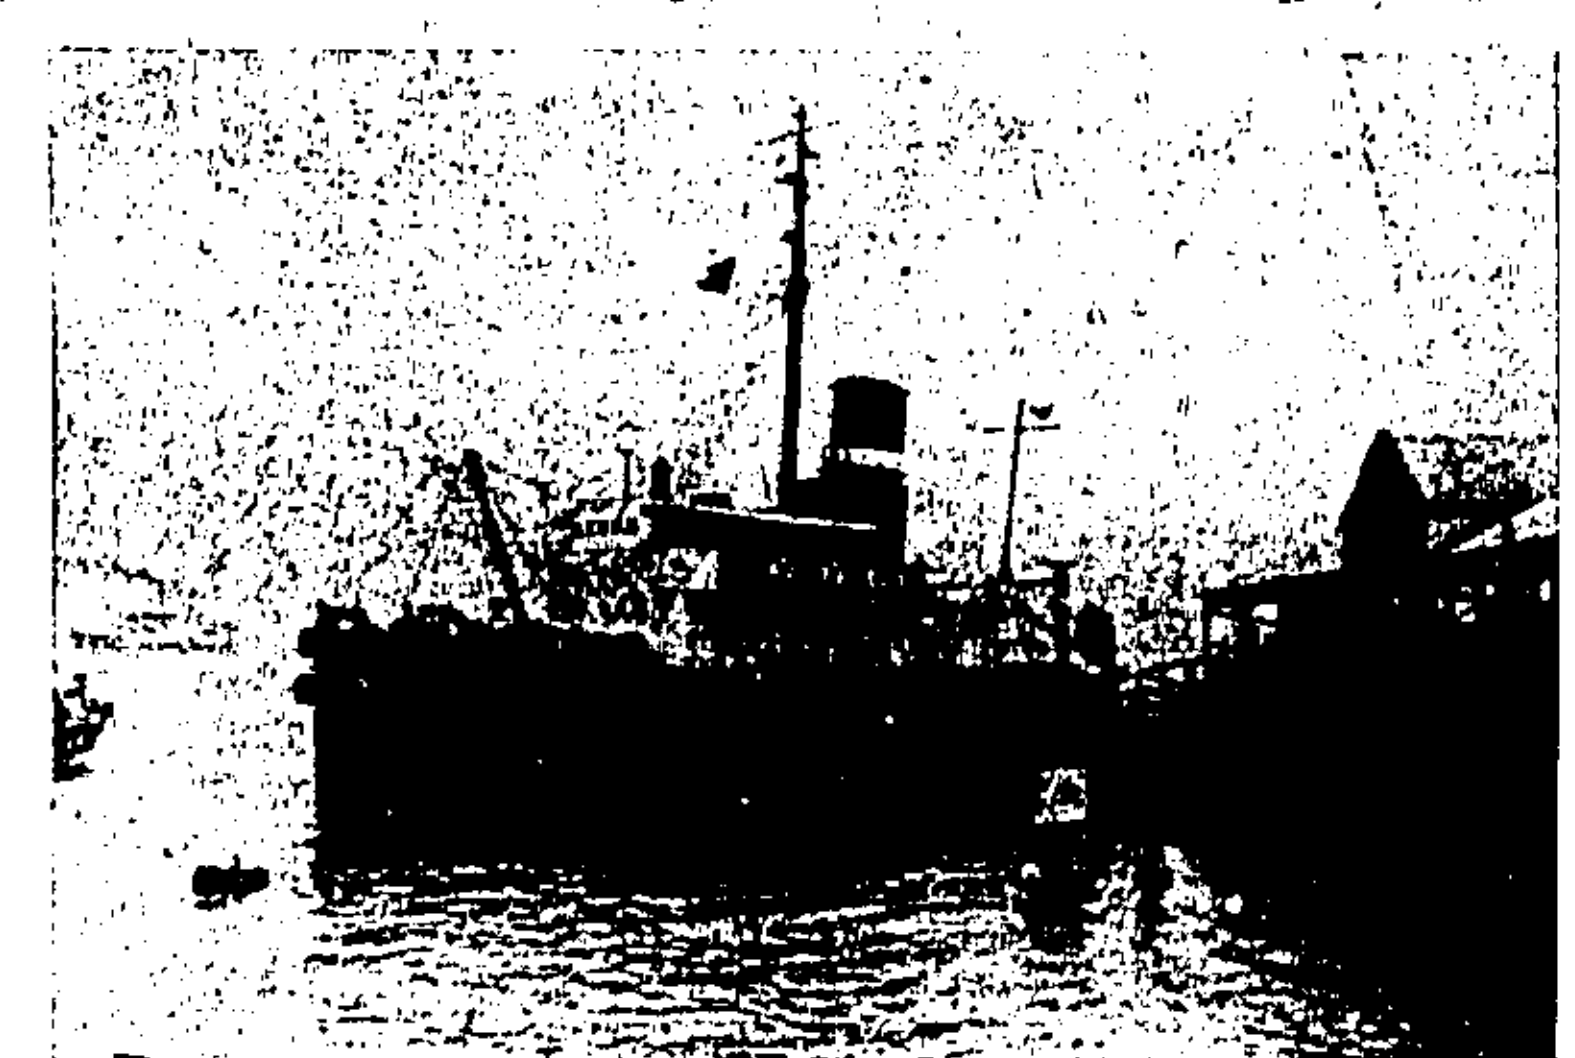

It is well that we shall at this time take stock of the world in which we live and of what is happening in it.

Someone has said, and it is a fair description of the world in which we live, that there are two religions and only two, competing for the souls of men. One is dying and other is just in the first vigour of early birth.

NATIONAL ORDER

The latter is a religion of sacrifice which flourishes in many European countries, notably perhaps in Russia in which followers believe that something inevitable would happen in this world and in that faith you will find men killing their best friends for the sake of national order.

Governor Wu Teh Chen

"The first pre-requisite of political reconstruction is honest and clean government," declared the new Provincial Governor. "The second aspect of political reconstruction is improvement of district administration which involves the selection of magistrates qualified for their task and the enforcement of the Pao Chia system."

Governor Wu went on to say that attention must be paid to the police administration and that public health and social welfare work must be extended throughout the length and breadth of the province.

CHILD BEGGARS

Action By Authorities Urged

[To the Editor, "The Hong Kong Daily Press."]

Dear Sir,
Despite the prominence you gave in your paper, sometime ago to the Mendicant Menace, I regret that the powers that be have not considered it fit and proper to "rise to action" yet. On Friday night I had occasion to walk down the Chinese section of the town—near the three big Department Stores—and when I was near the Kam Loong Restaurant I was simply surrounded by beggars—men, women and children, and there was one little fellow who could not have been more than six years old, carrying a baby who could not have been more than three months old.

We have a Society for the Protection of Children here and if the Police are too busy in other directions, I suggest that the Society should begin at once rounding up these child beggars and after due investigation, punish the people responsible for sending them out, and then where necessary send the children themselves to the Remand Home, Salvation Army Home or the Po Leung Kuan.

Yours etc.
Humanity.

LANCASHIRE CHIPS SETS UP NEW RECORD

Brilliant Sunshine Favours Race Meeting

MR. BILL POY RIDES TWO WINNERS

The record-breaking run of Lancashire Chips (Mr. Donald Black), in the Canterbury Park Handicap, over six furlongs, was the feature of the Fourth Extra Race Meeting at Happy Valley on Saturday when brilliant sunshine favoured the large number of turf enthusiasts who attended.

The most successful jockey of the day was Mr. W. Poy who rode two winners, Blandford and Laughing Buddha, which paid \$90.70 and \$64.90 respectively, while in The Hunchback's Plate, Tabby Cat, the favourite, ridden by Mr. Choy Wing-chiu fulfilled expectations. A protest was lodged against the winner in the race but it was not upheld by the Stewards.

The main item on the programme, St. George's Plate, attracted only three starters, Havoc Eve, Expansion Time and Potentate which finished in the order named. The cash sweeps were well supported, the first prize in each of the first eight races being well over the \$1,000 mark while that in the last race of the day paid \$3,686.20.

CHARTERS, TOWERS' HANDICAP

Mr. W. C. Poy rode a good race on Blandford to win the opening race of the day and return the handsome dividend of \$90.70 to his backers.

When the gate went up Racing Heart (Mr. B. A. Proulx) and Honey (Mr. Ip Kul Ying) went out to the lead and they were about five lengths ahead of the rest of the field which were bunched together.

When the Village Bend was reached Saucy Face (Mr. H. C. Pih) and Blandford (Mr. W. C. Poy) moved up to the front but it was not till the Distance Post that Blandford overtook the leaders to win by two lengths with Racing Heart second and Saucy Face third.

MOUNT DAVIS HANDICAP

Aplias (Mr. S. C. Liang) fulfilled expectations when it finished first in the Mount Davis Handicap, the second and third places being filled by Bistre (Mr. H. C. Pih) and Jungle Jim (Mr. Ip Kul Ying) respectively.

Aplias was left at the start but Mr. Liang showed rare judgment and, keeping his mount well-placed throughout the race, he gave the animal its head at the Quarter-Mile Post and Aplias responded in grand style.

ST. GEORGE'S PLATE

Only three ponies faced the starter for the St. George's Plate, Havoc Eve (Mr. Y. T. Fung), Expansion Time (Mr. B. A. Proulx) and Potentate (Mr. W. C. Poy).

Contrary to expectations the Eve candidate was not made favourite. Expansion Time commanding the most followers. When the barrier went up Havoc Eve took the lead followed by Expansion Time and Potentate. The same order was maintained till the finish.

THE HUNCHBACK'S PLATE

Tabby Cat (Mr. Choy Wing Chiu) was made hot favourite for this race and it fulfilled expectations although winning by only a short head from National Anthem (Mr. R. M. Wood). Declasse (Mr. W. C. Poy) was third, two lengths behind.

It was a very open race and the result was in doubt till the very end and it was due to the fact that the favourite had just that little reserve left that it won.

HIGH WEST HANDICAP

The High West Handicap saw the favourite, King's Justice (Mr. H. C. Pih) finishing a comfortable winner with the other two places filled by Rose Queen (Mr. B. A. Proulx) and Dawn Star (Mr. Ip Kul Ying).

There was not very much in the race until the last 200 yards when the first three ponies fought out the issue between them, the favourite showing a good burst of speed to clinch the issue.

CANTERBURY PARK HANDICAP

The favourite, Lancashire Chips (Mr. D. Black) won this event in the record time of 1:16.3, beating the previous best of 1:17.2 set up by Bobnák Star. Lancashire Chips, which was lying second until the home stretch was reached, won with four lengths to spare.

Courting Eve (Mr. L. P. Ralph) set the pace for the race but was followed closely by the winner, Home Brew and Gypsy Love. Coming into the straight, Lancashire Chips showed a marvellous burst of speed and won easily—the second and third places being filled by Gypsy Love and Courting Eve respectively.

TAI-MO-SHAN HANDICAP

Gold Coin (Mr. H. C. Pih) was the favourite in this race but was not even placed. Mr. W. C. Poy

scoring his second win of the day on Laughing Buddha, with its stable-mate, Laughing Girl (Mr. Tang Man Wa) second and Valorous (Mr. B. A. Proulx) third.

The field was bunched together for the greater part of the race and it was not till the last 200 yards that the leaders started to draw away from the rest of the field.

MOUNT DAVIS HANDICAP

Centre Forward (Mr. H. C. Pih) won the second section of the Mount Davis Handicap in fine style to pay the handsome dividend of \$71.90, the favourite, Commencement Bay (Mr. D. Black) being unplaced. A closely fought out race ended with Centre Forward, Rose Evelyn (Mr. B. A. Proulx) and Gordito (Mr. S. C. Liang) finishing in the order named.

TAI-MO-SHAN HANDICAP

Mr. B. A. Proulx rode a fine race on Araxy to win the last race of the day, the favourite, Emergency Call only running into third place. It was a short race and for the greater part of it the field was bunched together. On entering the home stretch, however, Araxy ran away in grand style and finished five lengths to the good.

CLOSING CRUISE

Sculling Event Won By G.S.P. Heywood

GERMAN TEAM EXCELS IN ROWING

Ideal weather conditions favoured the closing cruise of the Royal Hong Kong Yacht Club held on Saturday afternoon when Mrs. E. Cock presented prizes won during the season 1936-37.

Excellent sport was provided during the afternoon, main interest being centred in the rowing events between teams representing Great Britain and Germany, the latter winning both the fours and the pairs.

G. S. P. Heywood, rowing very well, won the sculling event, although he was given strong opposition in the final by E. Genrich, who kept within striking distance throughout the race and was only beaten by two lengths over the half-mile course.

ROWING RESULTS

The following were the results of the rowing events:

Sculling (1) G. S. P. Heywood (2) E. Genrich. Won by two lengths.

International Fours. (1) Germany (I. Rudloff, L. C. Liedke, H. Lange, H. O. Buse and W. Spörlich). Won by two lengths.

International Pairs. (1) Germany (I. Rudloff, H. O. Buse and E. Genrich). Won by the lengths.

COMMODORE'S SPEECH

After tea was served, Mr. H. S. Rouse, Commodore of the Yacht Club, addressing the gathering said:—"There has been a good turn out of boats and good rowing and we had hoped to have been able to hold an inaugural race for the 'Comet' Class. This class, which is expected to number at least 10 boats by the beginning of season, should provide the owners with lots of fun and we hope not too many duckings."

"As you see, our surroundings are becoming more and more unsuitable and I hope this may prove to be the last end-of-season regatta that we shall hold in these premises."

"The various committees have all been seeking to ease conditions arising from the curtailing of our amenities, and naturally this has meant some expenditure of money, but I submit it is money well spent. The thanks of the Club are due to the Site Sub-Committee, under the chairmanship of Mr. Cock and the secretary, Mr. Dulle, for all the time, thought and work they have bestowed on their task, and I believe their labours may soon bear fruit."

MEMBERSHIP INCREASED

"I have seen the membership of this Club grow from 200 to nearly 400 and am sure there is a great future before it. We have had over 90 joining this season, and with the coming of further military and air units I am certain it will go on from strength to strength."

"I doubt if there is in this Colony any other recreational club which provides so much employment as does this with its fleet of yachts and motor-boats numbering over 70. We are happy in our association with the Naval Volunteer Force and are gratified that so many of our members hold commissions in the Force, and that our boat-boys form the backbone of its ratings."

MANILA CHALLENGE

"It is good to report that the Manila Yacht Club has adopted our Anker Class and are now having four boats built at the Kowloon Docks. We look forward to a challenge to a team race in the near future."

"The Club are indebted to Messrs. Jardine Matheson, Butterfield and Swire and the Hong Kong and Whampoa Dock Coy. for the loan of launches in connection with the holding of regattas and the Trevasa Trophy."

"To our Honorary Secretary, Mr. G. H. Gandy, and Major Dixon, our Honorary Sailing Secretary, I tender thanks on my own behalf as well as for my brother Flag Officers and members generally. The care of the Clubhouse has lain with Messrs. Carter, Lock and

Stanton, and we are grateful to them for the work they have put in."

"I regret that through some oversight the intention of handing Mr. Vernal in 1934 a token of the appreciation of his fellow members of his work for seven years as Honorary Secretary was not put into effect and I am glad therefore that we can this afternoon make amends with a small souvenir of what I believe to have been a pleasant term of office."

And last but by no means least our thanks are due to Mrs. Cock for coming here to hand the many prizes to the lucky winners, who include her other half, who has completed the hat trick in the Macao Race." (Applause).

At the conclusion of the prize-giving, Miss Dawn Dixon presented Mrs. Cock with a bouquet of flowers in a silver vase decked in the Club colours, following which Mr. Rouse called for three cheers, which were heartily given.

TROUBLES MAY BE OVER

Banhu, April 30.
The Waziristan trouble is likely to end soon, in the opinion of reliable observers. The Fakir of Ipi's following is rapidly dwindling. The inhabitants of a village of southern Waziristan who have

been responsible for some of the hostile acts along the frontier, have been called upon to produce 50 hostages, as security for their future peaceful behaviour. At first the villagers pleaded they were unable to secure the hostages, but when they were threatened with an economic blockade of their territory, the hostages appeared. —Reuters' Bulletin Service.

THE GREEN PASTURES

Native American plays that have enjoyed the greatest popularity—its popularity is measured by long runs and frequent revivals—are "Uncle Tom's Cabin," "Rip Van Winkle," "Way Down East" and "The Old Homestead" in years gone by; and in modern times "Able's Irish Rose," "Lightnin'" and "The Green Pastures."

The "Tom Show," as the profession calls it, has been playing for almost three-quarters of a century, and it is occasionally revived. The New England piece went on for years and years and are still occasionally seen. Thirty of the players were retained for the film version.

"CHARLIE CHAN AT THE OPERA"

How are your nerves? If they can stand thrills occurring with staccato speed, excitement that rises like a tidal wave, and suspense, that will have your spine a-tingle, "Charlie Chan at the Opera," the Twentieth Century-Fox picture that is showing at the Queen's Theatre to-day, will provide you with a solid hour of thrill-packed entertainment, highlighted by hilarious comedy and youthful romance.

With Warner Oland as Charlie Chan, the arch-enemy of crime, coming face to face with Boris Karloff, the king of terror, the picture is the high-spot of the wily Chinese sleuth's career and the acme in mystery entertainment.

THE HOLY TERROR

A rollicking whirlwind of mischief and excitement, the irresponsible Jane Withers romps merrily through the laugh-provoking situations of "The Holy Terror," the Twentieth Century-Fox comedy hit which has its run at the Alhambra Theatre to-day.

In this latest and gayest picture of her career, involving her in hilarious doings with the navy, the young madcap is ably supported by Anthony Martin, Leah Ray, Joan Davis, El Brendel and Joe Lewis.

When "Ginger" Jane joins the fleet and proceeds to baffle the Admirals, while making herself solid with the midshipmen, the normal course of events gets thrown for a riotous loss as the girl sings her way into trouble, and then dances her way right out again.

MODIE AND LEMAUX

At The Gloucester

The new dance team at the Gloucester made a most successful debut on Saturday night. Modie and Lemaux have come here from Shanghai, where they have just completed a brilliant engagement at the new Ciro Club, and they at once proved themselves to be most accomplished dancers.

Modie is very tall, fair and graceful, but Lemaux is even taller, and whirls his partner about with the greatest ease.

Their first number was a most attractive tango, for which Modie wore the most enchanting dress of glittering night-blue sequins with a deep flounce of chiffon which looked marvelous as she danced.

The second dance was a very gay fox-trot called "Step-In," in which the "timing" of the two dancers was particularly good. For this dance Modie wore the most attractive dress of swirling chiffon of bright turquoise with big spots of palest rose-pink.

Ultra-Modern

The third dance was a costume number, very ultra-modern in style and employing the angular gestures which are so much on vogue in New York at the moment. Starting as a dance, it developed into a startling display of clever acrobatics, when Modie discarded her long skirt and was disclosed in the briefest of black satin "scanties" which enhanced the lines of a very perfect figure.

Their last dance was a most delightful Cuban Rhumba which was given with splendid verve and abandon with an amazing spinning—top effect at the end in which Modie's skirts of frosty white sparkled like silver under the glamorous lights of the Gloucester ballroom.

There was a large and appreciative audience. Among those who brought parties were the following:—
Mr. Nesbit, Mrs. R. Schultz, Major Robeck, Mrs. W. F. Brown, Mr. F. Honeyman, Mr. Stuart-Smith, Lt. Comdr. and Mrs. Herbert, Mr. and Mrs. Gonzales, Mr. Zimmern and many others.

BAER TO FIGHT BEN FOORD

London, Apr. 30.
Just two weeks after he had suffered a stinging defeat at the hands of the Welshman, Tommy Farr, British Empire heavyweight champion, Max Baer, the Californian, signed to fight the hard-hitting Ben Foord, another promising young Briton.

They will meet at Harringay on May 27, according to an announcement made to-day, and fight 12 rounds.

Meanwhile Farr is angling for a fight with Max Schmeling, logical contender for the heavyweight championship of the world, since he has whipped Joe Louis, reckoned America's foremost challenger for the crown James Braddock wears precariously and which he has not yet defended in an over-long stewardship. —Heuter.

GERMANY AND AFRICA

Gen. Hertzog's Views Criticised

Berlin, May 1.

An interview given by the South African Premier, General Hertzog, at Madeira yesterday has aroused strong resentment in German official circles.

General Hertzog, who is on his way to London for the Coronation, told an interviewer that German co-operation in the problem of South-West Africa would help to solve the situation.

He suggested the Reich might assent to termination of the mandate over the territory, thus permitting it to become an integral part of the Union.

The Union Government, he said, had always shown sympathy towards Germans in South-West Africa.

OFFICIAL REACTION

Official reaction to the declaration is that the profession of sympathy for Germans in the territory can hardly be reconciled with the demands made to the Reich for consent to incorporation of the territory within the Union.

Official circles recall Herr Hitler's last Reichstag speech, in which the Chancellor explicitly declared that Germany would uphold her colonial claims.

The statement made to the League of Nations mandates commission by the South African delegate is also recalled.

The delegate said that the German demand for equal cultural rights would be favourably considered. Up till now, it is stated here, there has been no concrete result.—*Transvaal News Service.*

GENERAL STRIKE RECALLED

London, May 1.

Scenes reminiscent of the General Strike of 1926 were witnessed in London this morning when the full force of the walk-out of 25,000 London busmen was felt.

Five thousand buses were withdrawn from service at midnight and their absence from the streets gave the metropolis a strangely deserted and unfamiliar appearance.

Typical British tolerance and good humour marked the first day of the large-scale stoppage of bus traffic.

The men themselves sat about smoking and playing cards at the depots and cafes near the garages, and there was no attempt at creating disorder, though all terminals were strongly picketed.

Thousands of City workers, coming up to town by train from their homes in outlying suburbs this morning, were faced with the problem of reaching their offices.

As in 1926, private individuals came to the rescue, and hundreds of workers were given lifts by Good Samaritan motorists. Hundreds more were forced to walk.

Although bus routes running out of London into the country were still operating this morning, complete chaos has been caused in rural road connections.

In ten counties, 120,000 busmen struck sharply at midnight and dozens of farmers were unable to transport their produce into market towns.

As in London, the strike was carried out in a completely orderly manner.

National Coal Strike Fixed For May 22

London, Apr. 30.

The Mine Workers Federation of Great Britain has decided to call a national coal strike on May 22.

The news shocked the country, coming as a complete surprise in most quarters, and on the heels of the decision of the employees of bus services all over England to join the London and Home Counties strike.

At a meeting of the Executive Committee delegates representing 120,000 provincial busmen, at Chelmsford, to-night, decided to call on the men to join an unofficial strike starting at midnight.

The Executive Committee endorsed the resolution passed by the busmen's conference at Chelmsford Wednesday night, supporting the unofficial bus strikers, whose walk-out has already affected ten counties.

STOPPAGE BEGINS

It was announced just before 12 o'clock that at that hour the bus strike would definitely start. Except for services working the country routes from London, which will operate until further notice, the entire bus system is immobilised. This was the decision reached by the London delegates' conference to-day.

The first consequence of the decision is that there will be no night buses to-night, but machines on the evening services will complete their schedules. Buses timed to leave the garages at 11 p.m., however, will not start.

CHAOS UNAVOIDABLE

The extent of the stoppage, which is bound to create considerable chaos, may be gauged from the fact that 5,750,000 persons daily

board the London Passenger Transport Board's 5,000 buses. There are 200 routes which cover an area of 2,000 square miles.

Although underground railways, trams and trolley-buses are not affected by the busmen's decision, these vehicles only carry 42 per cent. of the public compared to the buses' 58 per cent.

Numbers of people will probably experience abnormal delays in reaching the Wembley Stadium for the Cup Final to-morrow.

NO POSTPONEMENT

The Minister of Labour, Mr. Ernest Brown, has appointed a Court of Inquiry into the busmen's grievances.

Upon the announcement of the Court's appointment, Mr. Brown asked the busmen's leader whether the strike could now be postponed.

"No," was the uncompromising reply. The busmen's delegates have promised facilities to convey sick persons to hospital and for similar emergencies, and it is said that it is hoped to organise a fleet of private cars for this purpose.

SURPRISE MOVE

The industrial outlook becomes distinctly gloomier with the decision of the Mine Workers Federation to call a national strike in the coal mines on May 22.

This surprising decision was made at a delegates' conference to-night.

The main point at issue is recognition of the Federation in Nottinghamshire and the freedom of choice for the men at Harworth Colliery, and elsewhere, to join the Federation.—*Reuter.*

TYRE COMPANY STRIKE

Settlement Reached

Akron, April 30.

The agreement arrived at between the Firestone Tyre and Rubber Company and the United Rubber Workers' Union, ending the strike which had lasted eight weeks and rendered 10,000 men idle, was yesterday accepted by a mass meeting of Union members.

The Union has gained the right to represent non-Unionists.

The standard working week will henceforth be one of 36 hours under the agreement, which binds the Union not to tolerate sit-down or stay-in strikers and other stoppages during the ensuing year.

The Firestone Company's plants are expected to resume operations by the latter part of next week.—*Reuter.*

Side the garages, both in London and the Home Counties.

Side by side with the blue-uniformed police stand the pickets.

The strike began very quietly on the stroke of midnight.

The buses were gradually withdrawn from the streets and taken to the garages, where they were washed in the usual way.

The machines were then parked in long lines, apparently for an indefinite period.

For hours after midnight the strikers held meetings in restaurants near the garages.

The meetings were well-attended but of an extremely orderly nature and there was no sign of agitation.—*Transvaal News Service.*

GENERAL YANG RESIGNS

Repentance For Revolt

Shanghai, May 1.

General Yang Hu-cheng, Pacification Commissioner of Shansi, who has resigned his post after expressing repentance for the Shansi revolt, for which he held himself responsible, will go abroad about the middle of May.

This is according to the Chinese press, which says he is expected to spend a few days in Shanghai before sailing.

In telegraphing his resignation to General Chiang Kai-shek, General Yang said he wished to be relieved of his duties "so that I may go abroad to broaden my knowledge and prepare myself for future services to the nation."—*Reuter.*

SLUM CLEARANCE IN LONDON

London, Apr. 30.

Sir Kingsley Wood, Minister of Health, to-day opened a block of flats at Bristol which are a new experiment in slum clearance.

The flats are being provided to meet the needs of small families and elderly single people who are unable, owing to their work, to move to outlying estates and who do not require a full-sized house.

The families who will occupy them are persons of very small means, and in this scheme the Bristol Corporation are tackling the hard core of some of the lower-paid workers in the slums.

The rents of the smallest flats are as low as four shillings per week, inclusive of rates, water and electric light, and inside some furniture for the tenants.

Sir Kingsley Wood said the greatest contribution that had been made by the present generation to social improvements and security had been in respect of better housing for the people.—*Reuter's Bulletin Service.*

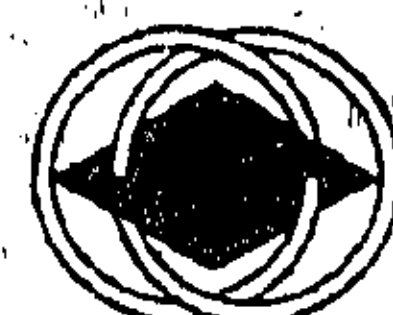

KEEP FIT SCHEME

London, Apr. 30.

The Government's Physical Training and Recreation Bill, giving effect to the plans for the national fitness campaign, is making good progress in Parliament and should reach the Statute Book at an early date.

By that time, the National Advisory Council, under the presidency of Lord Aberdare, hopes to have completed the preliminary organisation upon which it is engaged.

Meantime, correspondence reaching the Council bears witness to the public interest which the campaign is arousing. A nation-wide poster campaign, with the slogan "Get Fit! Keep Fit," is being inaugurated to-morrow.—*British Wireless.*

DAY OF NATIONAL LABOUR

Celebration At German Club

At 11.30 p.m. at the Deutscher Klub on Saturday, the German community, accompanied by a galaxy of talent and personalities, including officials of the Hong Kong Government and Consuls General for foreign countries, assembled to celebrate the "Day of National Labour."

The Acting Consul-General for Germany, Chancellor A. Gelewsky, accompanied by Frau Gelewsky, greeted the distinguished guests, and proposed a toast to His Majesty King George VI. In reply to which His Excellency the Officer Administering the Government, Mr. N. L. Smith, said: "You have informed us that there will be no speeches to-day. I therefore thank you on behalf of those present for your exceedingly kind invitation and propose a toast to the health of the Fuehrer and Chancellor of the Reich."

Herr Martin Hess, local leader of the Nazi Party, thanked the Acting Consul General for the reception, after which Herr Gelewsky, addressing the gathering, said:—

"The fact alone that on this day for the 5th time all working Germans in every part of the world gather to celebrate the German National Day is conclusive evidence, to which degree National Socialism has implanted in us the spirit of National Unity. Where in former years agitators preached the slogan of class warfare, we to-day experience the brotherhood of all Germans."

"No longer is this day an occasion where the poor fight the rich, where class warfare is taught, but occasion for all working Germans, workers of the hand and of the brain, to gather in common understanding of the value of work and respect for the worker, to unite in the great national labour—in this spirit to-day, on the Day of Honour of the German Nation, manual labourer marches side by side with the Engineer, the student with the apprentice, the peasant with the farmhand, the minister with the employee, employer shoulder to shoulder with the employee. All sons of German mothers, Comrades of equal rights—Germans."

Continuing, Herr Gelewsky mentioned the fact that now there was no more strife between rich and poor, but that every one was doing his part in the great task of National Reconstruction. He emphasised that the unity and brotherhood must not only be manifested once a year in celebrating the National Holiday, but must constantly be given living evidence. The celebration of the National Holiday, Herr Gelewsky said, must be a day of reckoning, where stock is taken of what has been achieved in the past year, and what is yet to be achieved in the coming one.

Concluding, the Acting Consul General expressed the hope that the day may not be far where the peoples of the world recognise that the old German evil disunity had for all times vanished, that Germany has been united as one people with one feeling for a united Fatherland!

In conclusion of the celebration, the German National Anthems were sung.

BANKRUPTCY COURT

Choa Po-Sien Case Adjourned

APPLICATION BY MR. LOSEBY

The public examination of Choa Po-sien, formerly comrade in the French Bank, was again adjourned before the Chief Justice, Sir Atholl MacGregor, at the Bankruptcy Court on Saturday morning.

Mr. F. H. Loseby, appearing on behalf of the petitioning creditor, Miss E. Morrison, said that he would apply to the Court to direct the debtor to produce to the Court any papers that he had. "He has made several promises but has not complied with them."

Mr. J. B. Prentis (Official Receiver) informed the Court that the debtor had brought a bundle of papers, which included several letters and books.

His Lordship said that what Mr. Loseby was asking for was rather an omnibus order.

Mr. Loseby agreed with his Lordship that all he (Mr. Loseby) was asking for was a solemn warning from the Bench for Choa to implement his promises.

RECEIVING ORDER

His Lordship granted a receiving order against the Kwong Chan Firm and its branches, Kwong Hing Loong firm and Kwong Cheung Chan firm.

Mr. F. X. D'Almada, jun., appeared on behalf of the petitioning creditor, Chui Wai Sun, managing partner of the Kwong Shing Hang firm, who testified that the debtors owed them \$927.89 for goods sold and delivered. The debtor firm's assets were \$7,000 odd and liabilities about \$12,000.

CASE ADJOURNED

The Official Receiver applied for directions in connection with the case of Wan Tay.

Mr. Prentis said that the films consisting of parts of "The Phantom in the House," "Young General," "Sea Devil," "Love on Parade," "Vagabond Songs" and "Hollywood Beach Colony." Only one creditor had been proved so far.

Mr. W. M. Brown, appearing on behalf of Lui Chi Chul (ex-parte), said that he understood the films had been in the theatre's possession for two months before bankruptcy, and nobody could come forward to claim them.

RECALL TO RELIGION

Why Religion? Asks Rev. J.D. MacLean

Preaching in the Kowloon Union Church yesterday evening the Rev. J. D. MacLean gave the first of a series of sermons on the "Recall to Religion."

The preacher said, in part:—

What is the meaning, the value, and the purpose of life—what is the highest and the eternal life—what is the great reality? This is the question which each one of us has to face from the moment of the birth of our intelligence. I believe that the answer of this question is to be found in religion, in religion alone and in Jesus Christ supremely. But before turning to religion specifically, let us examine briefly what other solutions, what other ways mankind has to offer.

The proffered solutions can be generally defined as being, Idealism, Naturalism, Socialism, and Individualism, but while they called attention to important facts in life, all failed to give men the significance and the fulness of experience which he instinctively needs and seeks.

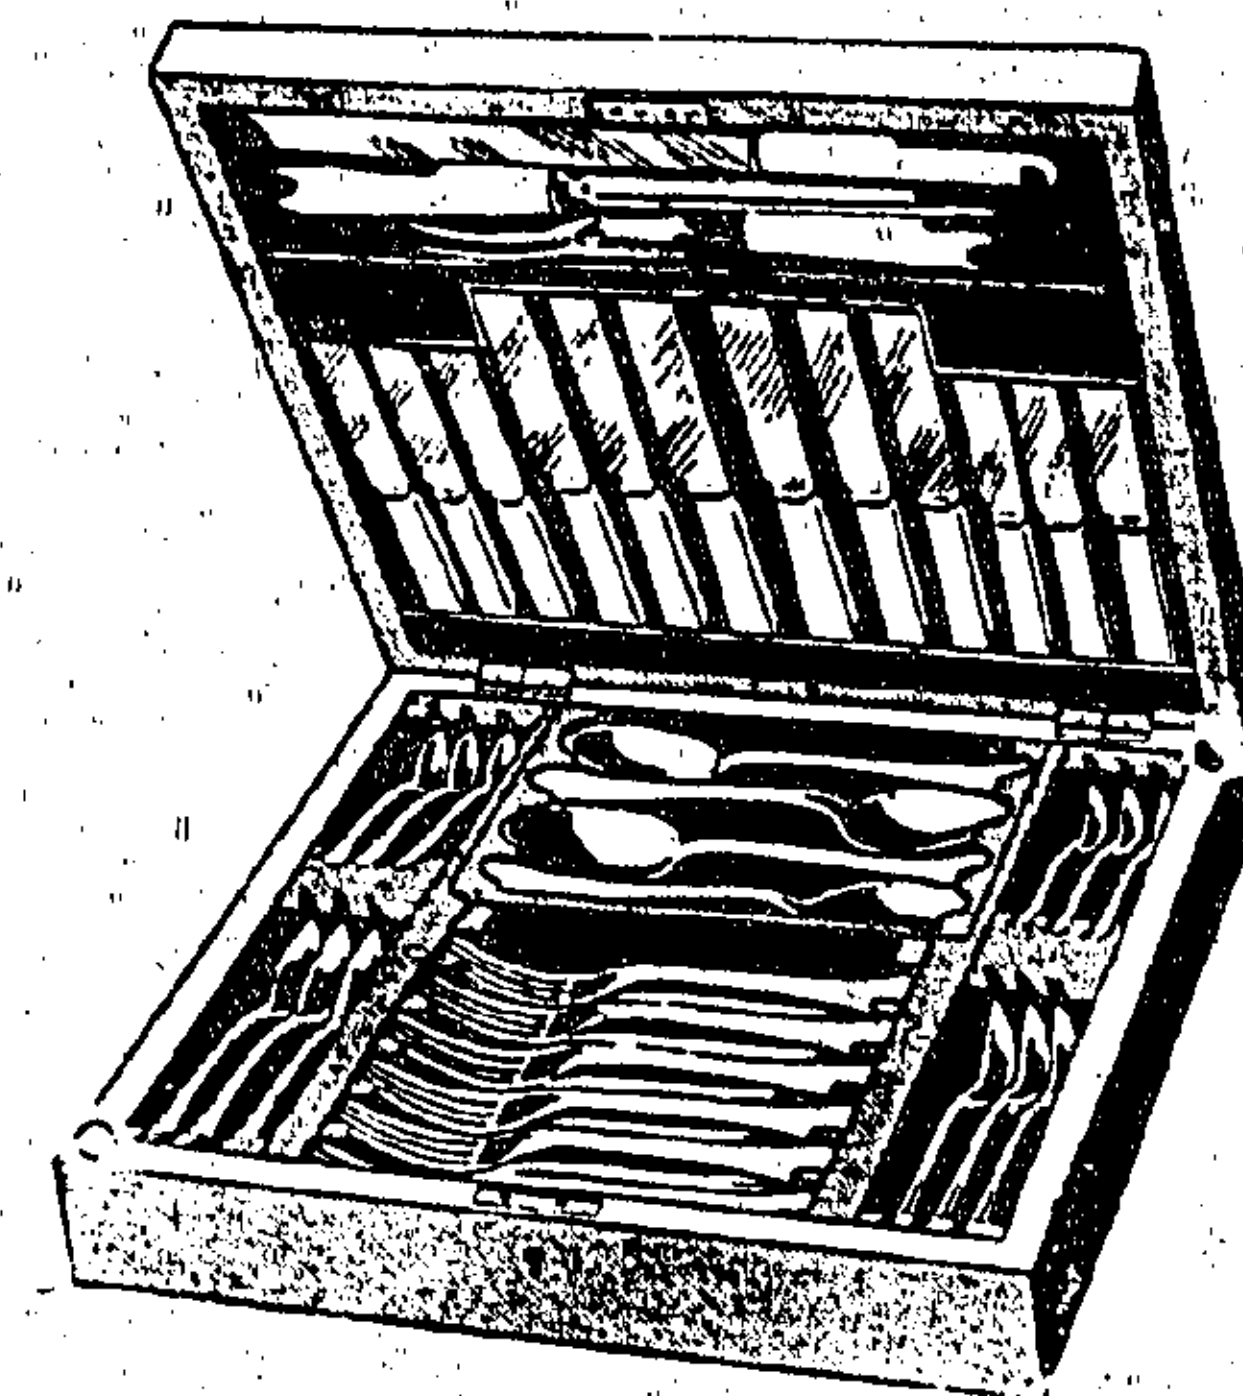

Can Religion solve our problem? Can Religion make better men to make a better world? Of course it may be argued that if it could then it would have done so already through "what is admittedly its highest form, Christianity. Have we not had Christianity for almost two thousand years? Christianity through the Church made man the centre of the Divine love, but the world mercilessly ground him under its heels, and his fellow-believers were part of that world and of the social order which caused his suffering. History too attacked religion and the morality which it sanctioned. Christianity in its orthodox form is at a discount. Why then a "recall to religion"? Is there anything new in religion that man has not tried before? Is there any fresh truth to be revealed?

YES AND NO
The answer to these questions is yes and no. There is nothing new in religion there is nothing new in Christianity, because its entire truth has been experienced by different men at different times; by Jesus it was experienced in its completeness, by other men it has been known in certain but lesser fulness.

What then must we do? In the first place we must put everything else outside our minds—inherited creeds and prejudices, church and community loyalties, and that parcel of erroneous self-knowledge which we have gathered on our way through life—we must become the starkest individualists who ever stood naked before their destiny. "He who would save his life must lose it." That is the beginning, and we shall consider its further development during this month. But why religion? This life which we are going to consider, why should we attempt it? Is there anything in religion, is there anything in Christianity which can honestly make us better men to make a better world?

A "recall to religion" is most definitely not, just a recall to Church membership. Indeed, I am certain that a revival of true religion issue either in a radical change of the more elaborate and more worldly systems of Church organisations, or in a revolt of religious people against these institutions to secure a simpler and more truly spiritual fellowship, a more adequate society wherein to express the truth which they have experienced.

A CHALLENGE
A "recall to religion" is a recall to the Truth that was Christ; it is a challenge to us to embrace suffering and love as the ultimate

GRAND VARIETY PROGRAMME

Enjoyable Night At Lee Theatre

NEW MOVABLE STAGE

An enjoyable Chinese grand variety programme, marking the opening ceremony of the new movable stage, was given at the Lee Theatre on Saturday night, and was a great success.

Many well-known local Chinese actors and actresses, dancers and musicians took part. All the items were well rendered, and were much appreciated by a large audience.

The Management of the Lee Theatre are to be congratulated on the arrangements, and their efforts in presenting such a fine show.

A number of really delightful songs captured the audience, especially those who have a taste for Chinese music.

It is understood that this modern movable stage, with all the latest improvements, is the first of its kind introduced in Hong Kong, as well as in South China. Changes in scenes are rapidly made without intervals, whereby the audience is enabled to continue the enjoyment of the different acts of the play without waiting.

meaning and means of life.

Why religion? Because, unless we desire to live as parish dogs battering on whomsoever comes our way, unless we are content to gloss the hideousness of our lives with the poor politeness of an empty culture, unless we are content to neglect truth and dawdle in sentimentality, to remain a part, and to be paid for remaining a contributor, to the existing system where man's inhumanity kills millions of his fellows, and turns the beauty of life into 'colled perplexities' of ugliness and painful void, then we must know God.

Annual ReportRECIPROCITY BY
HONG KONG

The annual report of the Hong Kong General Chamber of Commerce for 1936, contains details of the discussions which have been proceeding with the Government regarding the terms of renewal of the Ottawa agreements as between Hong Kong and the rest of the Empire.

Outlining the Imperial Preference negotiations, the report shows that it was in July last that the Chamber conveyed to Government its views on the subject of Imperial Preference between Hong Kong and the Empire generally.

The Chamber dealt first with the question as it concerned the non-self-governing Colonies and the Mandated Territories.

The Chamber's letter stated that Hong Kong's interest was that this position should be maintained, and in a few cases extended to meet special local needs; and that the conditions of Preference should not be made more onerous than they were at present.

COLONIAL MARKETS
The Chamber further stated that the Colonial markets were of growing importance to Hong Kong's manufacturing industries and export trade and asked that every effort be made at the next revision of the Ottawa Agreements to preserve the status quo, subject to a few suggested alterations.

Regarding the question of reciprocity by Hong Kong for concessions asked from the rest of the British Empire, the Chamber referred to the report of the Hong Kong Economic Mission, 1935, in which reference is made to the services of Hong Kong to the rest

"The Colony cannot impose a general tariff," stated the Chamber, "and therefore can only offer Empire preferences on Empire liquors and tobacco, as at present, and on motor vehicles by means of the special registration levy. The Chamber is of the opinion that these should be continued, and the preference on Empire liquors increased and extended if possible."

PRACTICAL FAMINE
RELIEF

The Szechuen committee of the China International Famine Relief Commission is taking a practical line in applying relief activities to works of public importance, according to a report which we have received and which will be epitomised in our China Review feature to-morrow.

Work is to start immediately on the construction of the first section of the projected Chungking-Chengtu Railway line and special efforts are being made to expedite work on the remaining nine sections so that famine refugees may be used on productive labour in the greatest possible degree. The Provincial Government is co-operating admirably by putting funds at the disposal of the Famine Relief Committee for the provision of food, medical care and accommodation for the refugees put on to the work. Labour camps will be supervised by the mission hospitals in Chungking.

This development should be keenly watched as it marks a definite step forward in famine relief policy and may well afford a useful precedent for the future.

It embodies principles which have been successfully applied in other countries and it is obviously superior to methods of relief which merely endeavour to give the sufferers temporary means of sustenance without affording them real assistance to recover their economic independence. This does not mean that direct relief is necessarily either avoidable or harmful. The point is that it does not go beyond the immediate object of averting starvation. The provision of work is far more beneficial as it definitely encourages the famine-stricken labourer and it protects the community against the evil effects of the dead-weight of unproductive expenditure.

BISHOP HALL'S
MISSION TO
KOWLOON

(Continued from Page 1)

Society dictates to the church what it may or may not say. One religion is dying. That is not a Christian religion. It hardly exists, perhaps it never did exist, because how could we men fulfil what God has fulfilled.

What is dying is the religion which is occupied in thinking and writing and taking no actions. That religion has been far too common.

We shall, I believe, in the course of the next generation see the re-awakening and renewal of love, following Christ, obedient to God, and ready to do His will.

Our belief in things about Christ cannot change Christ. If Christ is the son of God it does matter much whether we are able to say right things about Him but what matters is whether we shall obey Him. Jesus told us to obey God because the heart of religion lies in obedience.

There is danger: that those of us who try to obey God may appear the other way round. Our lives are like dirty windows which would not let God's light come in.

It is a strange thing that after three centuries it was not the business of the church to alter society but to change individuals who in turn should be left to change society. We are faced to-day with national movements determined to change society without any religious outlook.

The Bishop concluded by telling the congregation that our beloved King will solemnly re-dedicate himself in the Coronation Service on May 12, and asked them to follow his example and use the opportunity to re-dedicate themselves to the service of God and their fellow men.

If Gossip We Must

(BY PRUDENCE).

Taking a bird's eye view of the week, perhaps the most outstanding event was the appearance of two charming new dancers at the Gloucester. Modie and Lemaux have already been seen in Hong Kong in a couple of films (by name "Dancing Lady" and "Trappan-Atlantic Merry-go-Round") so it goes without saying that they are most accomplished performers.

Their Cuban Rhumba is one of the prettiest dances seen here for a long time (if that is the name of the spinning-top dance they gave as a finale!).

One of the loveliest dresses seen among the large audience assembled to watch them was worn by Mrs. Brockant, and was of oyster-gray satin, with green purple and gray chiffon twisted to form a shoulder strap, which finished in sash-ends falling to the feet.

A very pretty "Deb" is little Miss Bonker who looked very young and sweet in apricot chiffon. Miss Summers also looked enchanting in apple-green gauze, and Miss Miriam Hopkins looked well in a charming backless dress of dark blue.

Miss C. Bonnell was delightful in something white and flimsy. (Wedding bells will very soon be heard.) Another who looked like a "honey" in cool snow-white was that persuasive dancer Miss Edith Hersey. She and her twin-brother have been delighting all Gloucester patrons with their dancing for the last month, and will be much missed when they depart for Manila.

Mrs. Stuart-Smith had a lovely gown of pale apricot and Mrs. Walker one of those attractively flowered satins, in delicious shades of silvery brown. Mrs. Ramsey had a smart little dress of peach-coloured satin and a daintie hair-band, and Miss Eileen Bliss had a dainty frock of ruby taffeta.

TENNIS

From the feminine point of view the final of the open singles resolved itself into the triumph of shorts over tennis-trousers! H.D. and Sirdar Rummah fought a thrilling battle in which no shot was too remote or too difficult to be retrieved and the rallies ran up to eighteen and twenty

A pretty bloom of garden as seen on a Kowloon verandah.

strokes! But in the end H.D. in cool and business like tennis shorts had the better of Sirdar who was "just about done in."

Conventional white flannel trousers are very smart for garden-party wear, but when it comes to a five-set match in the tropics the shorts have it! It was good to see a tiny touch of black. Mrs. Harman looked very pretty in a charming white dress patterned in lilac and mauve with small fluted frills of ecru lace, and Mrs. Donovan had an unusual dress of crushed-violet.

Mrs. Wood was there in light green, her husband had another success on "Mac's Adventure," which always responds nobly when he is "up."

Mrs. Seth was watching in dress of fresh coral pink and a most pleasing dress (rather like a sailor-suit) was worn with charming effect by a "fair-unknown."

Madame Lebecq de Feulardie a newcomer to the Colony looked extremely smart in blue with a particularly becoming hat to match. Her husband is in the French Consulate.

Mr. Justice Lindsell up on the umpire's chair once again. He is definitely one of the best umpires in the Colony and speaks clearly so that one can always hear the score.

Mrs. N. L. Smith and Miss Judith Smith were with some friends and watched the match with much

interest. After one of those freak spin-shots (which Sirdar returned be almost somersaulting at her feet) I noticed that Mrs. N. L. Smith shared a sympathetic smile with him. Another match worth watching was the Handicap Doubles between Richardson and Wood, and A. C. I. Bowker and K. Valentine.

There again, some truly splendid rallies were witnessed, and the play was fast. Richardson volleyed well and Wood got in a lot of his clever spin shots, but in the end Bowker and Valentine triumphed. The former was excellent on the back line, while Valentine's volleying from mid-court was unbeatable.

THE RACES

It was hot at Happy Valley on Saturday. Dividends were "very hot" too, but dresses were entrancingly cool and everyone looked delightful.

Betty Fair looked cool in all-white and Kay Simmons had the sweetest dress of mingled light brown and pale fawn. Mrs. V. R. Gordon wore white patterned in China-blue, and Mrs. Archbutt had such a pretty dress of white with yellow and orange pattern on it.

H.E. the Officer Administering the Government had a large party in his box and Mrs. Smith had a charming costume of pastel-pink.

Mrs. A. V. Greaves had her luck right in, (and looked very nice, too, in a white coat and skirt with

IMPROVEMENT OF
KWANGTUNG

(Continued from Page 1)

"The development of industry is essential to economic development. The provincial government has already embarked upon various industrial enterprises, but more factories of all descriptions are needed, and so we must encourage capitalists to make investments and welcome back our overseas brethren. However, the extension of means of communications is an essential pre-requisite to economic development through the facilitation of commerce and the enhancement of unification. The solving of the currency problem will also assist in economic recovery," said Governor Wu.

"Cultural reconstruction may mean development of scientific knowledge and the establishment of more technical schools, but we must not forget that the number of people in the province, who are denied means of obtaining even an elementary education, are so numerous that we must establish more schools to teach the simple characters, and more short-term primary schools," commented Governor Wu.

Governor Wu concluded that in order to carry out rural reconstruction, the fundamental problem must be tackled first, and this is the adjustment of the land question. "To increase agricultural production, we must carry out a comprehensive irrigation project," he said. "Other rural problems include the establishment of more co-operatives, the currency problem in the villages, advancement of rural education based on actual needs, development of rural leadership and the improvement of the methods of agricultural production."

LEPER EXECUTION
DENIED

Canton, May 2.

Execution of 190 lepers at Ta Fu Lin on the foot of White Cloud Mountain as reported in foreign papers in Shanghai and elsewhere was denied to-day by Brig-General Li Chieh-chi, Chief of Police here.

"We only segregate them," he said. "When we get hold of the lepers, we turn them over to the Municipal Bureau of Public Health. In turn the lepers are sent to the leper hospital in Shek Lung or Tai Kam."

The sensational story about the execution of lepers in Canton was circulated on March 29 by a vernacular paper in Hong Kong, whence the story was relayed to Shanghai.—Union News.

FULL EFFECT OF THE LONDON BUS STRIKE

Trams And Underground Packed

London, May 1. Londoners felt the full effect of the bus strike when they ceased work to-day. Between noon and 1 p.m. there were amazing scenes at the Aldgate tram terminus when the home-bound rush began. The street was a solid mass of struggling people, trying to board the trams and police had to be stationed on the tram platforms to ensure order.

In the Underground railways the carriages were packed to capacity and some people were overcome by the heat. At the Piccadilly Circus underground station there were unprecedented scenes during the rush hour as the cup final visitors swelled the crowds of home-bound Londoners.

In the provinces, Oxford busmen are the latest to join the unofficial strike. Mr. Bevin, secretary of the Workers Union, and the leader of the London strikers wrote to the Oxford branch of the Union and stated that the branch, in taking a strike action without the support of the Union, was observing principles not made by Unionism but by anarchy, and added that the men were playing right into the hands of the employers. Such action was sheer madness, he wrote. The Union should do nothing until the men returned to work. He maintained that the men themselves were holding up the negotiations for a national agreement.—Reuter.

KHO WINS AGAIN

But China Is Out Of Davis Cup

Brighton, May 1. In the first round of the Davis Cup, New Zealand beat China by three matches to two.

Kho Sin Kie beat A. C. Stedman 6-4, 6-4, 1-6, 6-4.

C. E. Malfroy beat W. C. Choy 6-1, 6-3, 6-1.

Kho Sin Kie beat C. E. Malfroy 6-0, 6-3, 4-6, 6-2.

W. C. Choy lost to A. C. Stedman 4-6, 0-6, 2-6.

Kho Sin Kie and Tsui Wai Pul lost to A. C. Stedman and C. E. Malfroy 3-6, 8-6, 3-6, 2-6.

KHO IMPRESSES

Kho Sin Kie, playing a fast and hard-hitting game, outlasted his dogged opponent. The game consisted largely of baseline duels but Kho cleverly advanced to the net on occasions and outmanoeuvred Stedman who was frequently out of position and he lobbed uselessly against Kho.

Chinese led 2-0 in the first set but Stedman levelled at 3-3 and 4-4. Kho trailed his opponent 0-2 in the second and then asserted his superior courtcraft and led 5-3. The Chinese was subdued in the third. In the fourth Stedman won the fifth game after five "vantages."

ALWAYS INTERESTING

Choy was always interesting, particularly with his backhand driving in the second set when he trailed 4-0 and then in a spirited effort took the sixth, seventh and eighth games to love with his service. Choy held his service in the first game of the third set but thereafter was unable to cope with Malfroy's chop shots and backhand volleys.

San Francisco, May 1. The United States eliminated Japan in the North-American Zone of the Davis Cup when Donald Budge and Gene Mako beat Yamagishi and Nakano 6-0, 6-1, 6-4.

EARLY LEAD

San Francisco, April 30.—The United States took the lead in the North American Zone first round of the Davis Cup competition against Japan to-day when Donald Budge, wily youngster from California, beat Japan's Number Two ace, Fumiteru Nakano.

The American ripped through the Japanese star's service and lost only two games in three sets. It was one of the most impressive victories seen in Davis Cup competition in America.

Budge won 6-1, 6-1, 6-0.

"Frank Parker, the United States' second-best, is playing Jiro Yamagishi, Japan's undisputed champion, in the second match of the singles series. His task will be much harder than Budge's.

He was leading in the Campbell trophy, a 220 miles race, displaying his customary daring on the bends when his British Era car, taking a bend at high speed, charged the sandbank and somersaulted. Earl Howe was pinned under the machine and was sent to hospital. His injuries include a broken shoulder and rib. Earl Howe, at the time of the accident, was leading Prince "Bira" in his vivid blue Maserati.—Reuter.

BIG OFFENSIVE PLANNED

Republicans To Rush Madrid

Paris, May 1. A major offensive against the insurgent troops on the Madrid front will be assumed in a few days, according to reports received in Paris.

It is hoped, says a Madrid message, that in this way pressure will be relieved on the Basque front and the fall of Bilbao will be averted.

Large supplies of munitions and provisions have been transported to the loyalists around Madrid during the last week.

The Republicans' adds the report, display a very high morale and are probably in better condition than at any time during the war.

INSURGENT THREAT

From London it is stated that General Queipo de Llano, the rebel leader, has stated that he would never allow evacuation of the civil population from Bilbao.

It is added that the declaration has not been received in official quarters, and that the British Government still intends to accede to the request of the Basque Government for aid in evacuating old men, women and children from the besieged city.

A report from St. Jean de Luz states that a French despatch boat lying in the harbour there has been ordered to proceed to Bilbao and take off the members of the French Consulate and all the Consulate records.—Transocean News Service.

WAR MATERIAL TO SPAIN

U.S. Prohibition Proclaimed

Washington, May 2. The State Department has made public two proclamations signed by President Roosevelt.

The first proclaims the existence of a state of civil war in Spain and listing articles of war which may not be shipped to the belligerents. The second relates to registration of manufacturers and shippers of arms and war materials.

Mr. Cordell Hull, the Secretary of State, announced that United States vessels engaged in commerce with Spain may carry small arms and ammunition for preservation of discipline aboard.—Reuter.

NEUTRALITY BILL SIGNED

Washington, May 2. President Roosevelt signed the Neutrality Bill aboard the destroyer Moffett off Port Aransas, Texas. The Bill reached him by aeroplane, automobile and boat which had to be taken for two hundred miles, as the rough seas prevented the use of a seaplane for this part of the journey.—Reuter.

BOMBS FALL NEAR DESTROYER

Anglo-Japanese Relations

London, May 2. "I understand that Japan is making serious efforts to restore co-operation with Britain in the Far East," says the "Sunday Times" diplomatic correspondent, who adds that the initiative must come from Japan.

The plan, it is believed, includes a Japanese pledge regarding the territorial integrity of China, British recognition of Japan's special economic and strategic interests in North China though the recognition of Manchukuo is not an essential condition, a loan to China by Britain, Japan, the United States and France, and

MORE GERMANS IN SPAIN?

Basque Allegation

London, May 1. The sensational allegation that fresh German troops are being landed in Spain was made in an official statement by the Basque authorities at Bilbao to-day.

It was officially announced: "It has been officially confirmed that fifteen hundred German soldiers disembarked at San Sebastian on Monday."

The statement adds that an air raid siren was sounded in San Sebastian immediately prior to the landing of the German reinforcements and the whole population was forced into cellars in order that they should not witness the arrival of the German troops.

Madrid: "The triumph of Guadalupe will be repeated and we will roll back the invaders from the Basque province."

This claim was made in an official broadcast from the Biscay radio station.

GUADALAJARA RECALLED

The announcer stated that the present retirement was similar to that of the Republicans on the Guadalupe front, when the loyalists, after allowing the insurgents to advance too rapidly, launched an unexpected counter-attack and inflicted crushing defeat on the Italian divisions.

This is what will happen on the Basque front, declares the broadcast, though "discretion imposed on the army command forbids us to say any more."

STRONG OPPOSITION

"The Basque forces, however, will launch a strong counter-offensive in the near future."

From Berlin comes a newspaper report from a correspondent in Spain stating that the Basques are preparing for desperate resistance in their last line of defence.

Everything, the correspondent states, points to further heavy fighting in the near future.—Transocean News Service.

Official Bilbao Statement

Bilbao, May 2. It is officially announced and officially confirmed that fifteen hundred Germans disembarked at San Sebastian on Monday.

The statement adds that the air raid siren was sounded and the whole population was forced to go into the cellars in order that they should not witness the landing.

STRONG DENIAL

Berlin, May 1. Official sources emphatically deny the Bilbao official assertion that fifteen hundred Germans recently arrived in San Sebastian.

An official agency declares that the report, from beginning to end, is another lying incitement. It is pointed out in well-informed quarters in London that "Germany's good faith in keeping her pledge regarding the ban on despatch of volunteers to Spain has not been questioned by any responsible quarter outside of Spain.—Reuter.

May Day Celebrations

London, May 1. The celebrations throughout the world on May Day have generally been most quiet for many years. In London a four-mile procession was marked by the addition of a section from the striking busmen, but in France the celebrations brought all work to a standstill though without incident. May Day is a new idea for New York but 150 thousand people formed a procession which passed off quietly. The usual mammoth review marked the scenes in Moscow where a two-hour military parade indicated the progress of the army's mechanisation, while 800 planes flew overhead.—Reuter.

VAIN NEGOTIATIONS

London, May 1. Representatives of the London Transport Board and the Transport Union were in conference together and, separately for many hours with officials of the Ministry of Labour to-day.

Despite these efforts, the strike of 26,000 Central London omnibusmen continued, involving the interruption on about 200 routes. The men's delegates met and heard a "detailed report of the negotiations on their claim for a seven and a half hours day in view of the recent speeding up of time schedules. The London Transport Board maintain that the claim is not substantiated and while ready to accept a "public enquiry" declare that the finances of the Board are unable to meet it.—British Wireless.

"DUTY OF RED ARMY"

Labour Day Appeal

Moscow, May 1. "The duty of the red army is to guard the Soviet from Fascist jackals," declared Marshal Voroshilov, Commissar for War, in a vigorous speech made on the occasion of Labour Day.

The day was celebrated by a huge military display in Red Square.

Over 1,000 aeroplanes flew over the Square in formation, while detachments from all the units of the Red Army passed in review before Stalin, M. Molotov, M. Kalinin, and other high State officials, who stood on the steps of the Lenin Mausoleum.

GUARD AGAINST JACKALS

The Cossack divisions in their colourful uniforms stood out in the parade, in which they were participating for the first time. Marshal Voroshilov, in his speech to the Red Army, urged them to be constantly prepared for action.

"Your duty is to stand guard against the Fascist jackals," he shouted, "in order to crush them should they attack the Soviet." He concluded his speech by pledging allegiance to Stalin and the Communist Party.

Following the parade, a general festival was started all over the city, which is expected to last well into the night.—Transocean News Service.

BLAKE SERIOUSLY INJURED: TAM KONG PAK SENT OFF

Association Defeat Chinese Federation 4-2

Mr. N. L. Smith Presents Trophies

An unfortunate incident, resulting in serious injury being sustained by D. S. Blake, the well-known Kowloon F.C. player, and the ordering off the field of Tam Kong-pak, the Interporter and South China "A" player, who was alleged to have kicked Blake, marred the Governor's Cup football final played on the Kowloon Football Club ground yesterday afternoon, in the presence of a large number of spectators, which included His Excellency the Officer Administering the Government, Mr. N. L. Smith, accompanied by Mrs. Smith.

The Hong Kong Football Association defeated the Hong Kong Chinese Amateur Athletic Federation by four goals to two. The score at half-time was one goal all.

At the conclusion of the match, His Excellency presented the Governor's Cup to C. Parker, captain of the H.K.F.A. team. Mrs. Smith then presented the other Shield and League trophies won during the 1936-7 season.

A few minutes after the commencement of yesterday's game Parker scored a beautiful goal from a free kick awarded for a foul by one of the Chinese players. Soon afterwards the Chinese equalised through Lai Shui-wing who gave Rowlands no chance with a well placed kick into the right hand corner of his goal. Play continued even and no further score was registered. After the interval Blake (centre forward) shot a magnificent goal following a scramble in front of the Chinese goalmouth to put the Association in the lead.

The Chinese were able to equalise again through a penalty kick which was taken by the Chinese centre forward. Although the shot was feeble Rowlands made no attempt to save it as he probably thought the ball going outside but instead it went into the left hand corner of the goal.

Shortly after Blake again gave the Association the lead after receiving a splendid pass from Blackford, the left wing. Talbot put the Association further ahead after having dribbled the Chinese intermediate line. The goal was well deserved. Lai Shui-wing again scored for the Chinese with a long drive which gave Rowlands very little chance to save. Shortly before the final whistle, Blake, the Association's centre forward, who had played a splendid game was injured in the leg severely as a result of being kicked by Tam Kong-pak who was ordered off the field by the referee. Blake was carried off and later conveyed to the Kowloon Hospital. No further score was registered although the game was very scrappy during the last few minutes and the Association pressed strongly but were unable to convert any shots as the Chinese half backs kept a strong lookout for Lands and Talbot.

At the conclusion of the game H.E. Mr. N. L. Smith presented the Governor's Cup to Parker, captain of the Association's team. He also presented the 1st Division Cup to the League Champions, the Royal Ulster Rifles. The 2nd Division Cup was presented to the Royal Navy and the 3rd Division Cup to the Royal Welch Fusiliers.

RESULTS AT A GLANCE

Governor's Cup	H.K.F.A.	H.K.C.A.A.F.
First Division	4	2
Second Division	3	3
Third Division	0	7
Club	2	1
Engineers	4	3
R.A.S.C.	1	1

After presenting the trophies Parker called for three cheers for His Excellency and for the losing team.

The Senior Shield was received by Lai Shui-wing on behalf of the South China "A" team.

A bouquet was presented by Parker to Mrs. N. L. Smith.

SEAFORTH'S LOSE

South China "A" defeated the Seaforth Highlanders by three goals to one at Caroline Hill on Saturday afternoon. The Scotmen had more than the equal share in exchanges but their forwards failed time and again to convert shots in front of the Chinese goalmouth. Samson was not a great leader, while McGulgan and Ayres both made mistakes in passing the ball to him when he was well marked. The intermediate line of the Scots team held its own against the speedy Chinese forwards, and even in a line such as this Williamson was outstanding, and continuously opened up avenues for the outside men and despite the intense heat he was a bundle of energy from start to finish.

The S. China defence line was reorganised and included Leung Pak-wai at right back, and Char Kan-hung at right half. It was mainly due to Leung Wing-chui, as pivot, that Samson was unable to do anything.

ULSTERS DEFEAT S. CHINA "B"

The Royal Ulster Rifles, this year's Senior League Champions completed their fixtures on Saturday when they defeated South China "B" at Sookunpoo by four goals to two. Although the Rifles contented themselves to playing leisurely football they were always in command of the exchanges, and kept the South China team penned in their own territory.

In the first fifteen minutes they scored two goals and completely outplayed the Chinese to such a wide margin that there seemed to be a possibility that a military record score would be registered but this did not materialise and it was only towards the close of play that they were able to find the net in the Chinese goal.

South China improved immensely after the interval, and their defence came into the limelight and some very good football was witnessed between the fast moving forwards.

CLUB SPRING A SURPRISE

The Club completely surprised their supporters in their First Division encounter at the Valley on Saturday when they defeated the Fusiliers by the odd goal in seven. Much of the good work of the Club's team was due to Forrow and Ernie Strange in the intermediate line. Forrow's height and stride gave him the advantage over Evans who was uncomfortable on his transfer to the forward line from the intermediate line. Strange was an excellent front to Sullivan and Parry the movements of the former being generally nullified. Parry succeeded however in evading the attentions of Strange and Hill to prove the biggest danger to the Club's defence, while two of the Fusiliers goals were annexed by the wings. The goal scorers for the Club were Andy Wilson (2), Hynes (2), while for the Fusiliers, Parry, Evans and Talbot scored.

SUNDERLAND WINS CUP FINAL

Brilliant Triumph At Wembley

London, May 1.

Sunderland accomplished a feat rare in F.A. Cup Final history today when they fought back after being a goal down against Preston, to triumph brilliantly by three goals to one. Gurney scored the equaliser in the 51st minute of the game, and for twenty tense minutes, the see-saw struggle went on. Then last year's League champions scored twice in quick succession and the Cup was theirs, for the first time in their history.

Preston played gallantly and were definitely on top before the interval. A second goal was disallowed shortly after the lead had been established.

The match was favoured with brilliant sunshine and as usual the 93,000 ticket holders indulged in community singing.

THE TEAMS

The turf was in excellent condition and the teams lined up as follows:—

Sunderland:—Mapson; Gorman and Hall; Thompson, Johnstone and McNab; Duns, Garter, Gurney, Gallacher and Burbanks.

Preston:—Burns; Gallimore and Beattie; Shankly, Tremelling and Milne; Dougal, Beresford, Frank O'Donnell, Fagan and Hugh Donnell.

The whole stadium broke into a roar of welcome as their Majesties, The King and Queen, entered the Royal Box. The players were later introduced to the King.

CAREFUL START

Preston won the toss and Sunderland kicked off against the light and wind. Both teams felt their way very carefully and Fagan, Preston inside-left, was featured in a prominent run which was ended by Gorman, the Sunderland right-back.

At the other end Gallimore finally headed out a long low free kick taken by Burbanks, who kicked weakly.

After another Sunderland raid, Preston retaliated and Beresford was very dangerous, once getting in a terrifically hooked ball which hit the side of the net.

Both sets of backs were over-kicking with the result that play was very scrappy and lacking in interest.

The game fluctuated from end to end, Preston taking the initiative in the first quarter of an hour, and Sunderland's defenders were forced to kick anywhere and anyhow, both cracking under the pace and not being particularly skilful.

LOST OPPORTUNITY

Sunderland were on the offensive later and repeatedly attacked. Gurney, the centre-forward, incredibly shot over the cross-bar from three yards out.

Preston rallied and the Sunderland goal twice escaped, Frank O'Donnell, the Preston centre-forward, darting through from a free kick, with Mapson, the Sunderland goal-keeper, robbing Beresford, the Preston inside-right, of the ball to prevent a certain goal.

PRESTON'S GOAL

Fagan and Hugh O'Donnell, Preston's left-wing combination, were then featured in an amazing run, culminating in Hugh sending a perfect pass to Frank O'Donnell (centre-forward) who scored with a low, hard drive which entered the net in the 28th minute of the game.

Hugh O'Donnell almost increased the score a minute later when he forced a corner, from which kick the ball entered the net. The referee disallowed the goal for off-side.

Preston were leading at the interval by a solitary goal.

Sunderland resumed with a copy-book movement, finishing a header from Carter, the inside-right, flying a foot outside the post.

THE EQUALISER

Burbanks, Sunderland leftwing, caused a corner and Gurney headed in from a forest of heads jumping for the ball in the 51st minute to level the scores, and while the Preston defence was still demoralised Sunderland pressed fiercely, Gurney and Duns when well placed, shot wildly.

Sunderland forced three successive corners, but Preston remained commendably cool under a gruelling pressure, and eventually rallied, when Hugh O'Donnell, their left winger, fired a terrific shot just over the cross bar, and Fagan lobbed the ball over from an awkward position.

TWO QUICK GOALS

Play improved and opened out splendidly, Sunderland's forwards playing very cleverly. Their inter-changing of places was rewarded in the 72nd minute, Carter scoring in the far corner of the net with a glorious drive.

Sunderland drove home their supremacy and Burbanks added their third goal in the 77th minute with a hard cross-shot, which Burns, the Preston goalkeeper, failed to stop in spite of a headlong dive across the goalmouth.

Sunderland wound up gloriously, but a harassed Preston defence prevented any further score. Burbanks, Duns and Johnston, fired in shots from all angles. Preston made a last despairing, but unavailing rush just before the finish.

FIRST SUCCESS

Sunderland won the Cup for the first time in their career. Her Majesty, Queen Elizabeth, later presented the Cup and medals to the Sunderland team, who were cheered to the echo.

In addition to the King and Queen, many notable overseas visitors were special guests at the Cup Final.

Among prominent personalities were Lord Derby, Lord Wigram, Lord Granard and Lord Costello, while the Government was represented by Mr. Ramsay MacDonald (Lord President), Sir John Simon (Home Secretary) and Sir Philip Sassoon (Under-Secretary for Air).

SPECIAL TRAINS

Their Majesties arrived at the Empire Stadium five minutes before the kick-off at 3 p.m.

The King received the two teams before the start.

Although only the usual crowd of 93,000 attended, the match was memorable in view of Coronation year, the fact that the news reel companies refused to take pictures as none of them was prepared to pay the figure asked, and the unfortunate circumstance that spectators had to find their way to the Stadium without the usual buses, which are out one strike.

The fact that both teams were from the North resulted in 148 special trains being run from the North of England, carrying nearly 70,000 people.

The crowd spent the morning at London's Coronation decorations but stands (erected for the Coronation processions) were hiding many famous buildings.—*Reuter.*

THE SHARE MARKET

Harriman's Weekly Report

Hong Kong May 1.
Messrs. G. A. Harriman & Co's weekly share report and market review issued at noon to-day.

The advent of summer weather has slowed down business locally this week, for, on a generally dull market, the sentimental effect of the sharp break in world commodity and stock price has naturally been reflected here. So brokers (and clients too we suspect) are taking advantage of the sunny days, and leaving early for the beaches and golf courses in preference to "logging a dead horse" in Ice House Street. Manila shares have been irregular; closing somewhat lower on the week. The scare of a lower U.S. Gold price is still with us and until fears of any change are entirely allayed, gold shares are not likely to recover from the attack of nerves, that is now afflicting them.

In spite of a dull market, large parcels of Electric were dealt in at \$50 1/2 and \$51, with buyers still interested at the cheaper figure. Telephones (old) exchanged at \$30, and the "New" are \$12 1/2 bid. Trams have come down to \$15 sellers, buyers offering \$14 1/2. China Lights (old) are on offer at \$14.40 and the "New" obtainable 25 cts cheaper. Macao Electric have buyers at \$17 1/2. Sandakan Lights at \$12 1/2 and Singapore Traction ords. at 27 1/2.

Cements were very active up to \$16 and with the big military developments taking place in the Colony from which the Co. must benefit, this share appears conservatively valued. Ropes have small enquiries at \$5.30. Dairy sold as high as \$28 and Sincere are again on enquiry at \$2.70. Lane Crawford came out with an unexpected dividend announcement of 6 per cent., which is the first dividend distributed by the company since 1932. A resumption of dividends by this "luxury store" is definite indication of the greater spending power of the Colony's inhabitants and is another "pointer" to the improving earnings of our well managed companies. Lane Crawford are \$9 cum.

Ewoes are quietly steady at \$h. \$16 1/2 middle and Shanghai Cottons are wanted at \$h. \$11.7. Vibro Piling had sale at \$6 1/2 and there are now buyers at \$6.20. Construction (new) continue to be wanted at 45 cts.

Wharves appreciated to \$113 sales. Providents (old) were again fairly active up to \$2.35, closing sellers at \$2.30, buyers at \$2.25. The (new) were enquired for at 30 cts. Docks are very steady at \$31 1/2 middle, with sales reported during the week at \$31 1/2 and \$31 1/4. Hotels are quiet, small business was done between \$7.30 and \$7.45 and there are now sellers at the higher price. Lands can be taken at \$35 1/2, after sales at \$35 1/2. Hong Kong Realty made \$6, and at slightly under there are still buyers. Humphreys exchanged at \$9 1/2.

Of Insurance shares, Cantons were popular, the annual figures proving most satisfactory. Business done at \$325 cum. Unions sold at \$622. China Underwriters are \$155 buyers. Hong Kong Banks are wanted at \$1865 after business at this figure. Bank of East Asia are now \$93 bid.

Philippine Mining: The market ruled easy after early firmness. News from the producing mines is very satisfactory, but gold price rumours and the weakness in overseas financial centres has discouraged investors.

Closing comment: Hong Kong—Quiet and inactive; Manila—Steady, after liquidation.

BUS STRIKE

The bus strike is viewed with great gravity, especially in its political aspect, as the busmen's committees are rumoured to have forced the Union's hand.

Fears also exist lest the strike spread to other forms of transport. Many quarters are of the opinion that it is essential that the Government resort to compulsory arbitration.

The general feeling on the stock and commodity markets is that prices will take some time fully to recover, and it is essential that weak positions in all the world markets be cleared up before the advance can be resumed.

The City is doing its utmost to escape the present crisis without any large failures, mainly for prestige and also to demonstrate to the world the inherent financial soundness of London.—Reuter.

BRIGHTER OUTLOOK IN LONDON STOCK EXCHANGE

London, May 1.
"One of the blackest weeks the Stock Exchange has known for years came to a brighter finish than seemed likely yesterday morning."

So declares the city editor of "The Times," commenting on the amazing slump on the markets of London and the world during the past week.

Yesterday afternoon there was a fairly general recovery, due to certain institutions concluding that the fall had been overdone and prepared to support equity markets.

STEADY PURCHASES
There was also a steady stream of buying by the general public.

THE EXCHANGE MARKET

MESSRS. ROZA BROS.

Saturday, May 1.
Silver prices dropped 1/8 yesterday for both deliveries the quotations being 20 1/2 for Ready and 20 5/16 for Forward. Silver advances attributed the drop more to absence of support than to selling pressure. The market closed steady. After the official fixing there were small inquiries at the fixed rate. American Silver was quoted at 45 for Spot. The London/New York cross-rate was quoted at 494.72. New York/London was quoted at 494.5/8.

ALL ROUND INCREASE

Rome, Apr. 30.
Wages throughout all Italy will be raised by 10 to 12 per cent., a decree signed by Signor Benito Mussolini, the Prime Minister, declared to-day. It added that the increase becomes effective from May 1, 1937.

The wage reform is necessary, it is considered, due to the high cost of living, which, since the war in Ethiopia, has risen by over 25 per cent.—Reuter.

STABILISATION OF STERLING

London, May 1.
It is understood that both yesterday and to-day, the British Exchange Equalisation Fund bought gold at higher prices than necessary in order to obtain the metal.
To-day's price (140/8 per fine oz.) was practically equivalent to \$35 after deducting shipping charges.
This has given rise to rumours in New York that the action of the British Fund was a move in the direction of early stabilisation of Sterling.
London observers do not share this view, however.
They interpret the official buying at this level as a matter of expediency in order to help restore confidence and reinforce Washington's denial of a change in the United States gold policy.—Reuter.

INSURGENT BATTLESHIP SUNK OFF SANTANDER

Gibraltar, May 1. The sinking of the insurgent battleship Espana by Loyalist planes, off Santander, has caused the greatest consternation in the ranks of the rebels. Many insurgent officials poured into Gibraltar this afternoon seeking confirmation of the report.

Government aircraft, says a despatch from Bilbao, followed up the sinking of the Espana by seeking out the cruiser Almirante Cervera and bombing her. But they failed to register a hit and returned to their base.

Meanwhile, the Basques, facing an attack from the direction of Guernica, have strengthened their lines of defence with large numbers of fresh militia. Practically the whole of the peasant population of Biscay Province, the inhabitants of towns and tens of thousands of refugees from other Basque provinces, are slowly withdrawing within Bilbao's powerful ring of fortifications.

Family belongings are piled high on primitive ox-carts which have

been trundling the long roads to Bilbao for the past two nights. Messages from Santander tell of the dramatic end of the Espana, watched by thousands of local fishermen.

Details, disclosed by eye-witnesses, show that Government aircraft attacking the battleship consisted of only three bombers, escorted by fighters.

Three coastal batteries also opened fire on the Espana and Velasco as soon as they saw the insurgent ships' attempt to molest a British steamer. The Government planes took off immediately and despite continued firing from the warships dived very low and dropped seven very heavy bombs, one of which struck the Espana's stern. There was a huge cloud of smoke, a deep roar, and the Espana sank by the stern, her bows lifting in the air.

Tiny figures could be seen scuttling about the decks. Then, as the Velasco approached, hundreds of the crew of the Espana jumped into the sea.—Reuter.

BRASSEY'S NAVAL ANNUAL

This Year's Issue

Brassey's Naval Annual, 1937.
 Edited by Rear-Admiral H. G.
 Thursfield, C.B., 25s.

Brassey's Naval Annual for 1937, the forty-eighth year of its publication, makes its appearance this year this month, following the procedure introduced last year in order that the Navy Estimates for the year may be included. The late editor, Commander C. N. Robinson, who died last summer, first became a contributor in 1894, and had been editor, either alone or in collaboration with Mr. H. M. Ross, since 1929. His successor, Rear-Admiral H. G. Thursfield, the son of another old contributor, has himself contributed for the last three years. There is thus no break in continuity of editorial policy, and, as in 1936, the book consists of two sections, dealing with naval affairs and naval work respectively, and a reference section.

Besides the introductory chapter dealing with the Estimates for the current year, written after the remainder of the book was in print, the new editor himself contributes a review of the year's naval events, a study of post-war naval treaties, and a summary of the year's progress in naval work. Captains Altham and Dewar write of foreign navies and of the development of the international situation respectively, and the new German Navy is described by one of its own officers, Fregattenkapitän Ruge. Commander Pursey, R.N., describes the evolution of the machinery for ascertaining and dealing with the grievances of the lower deck in the British Navy, and there are chapters on recent progress in naval engineering and on the merchant navy as a factor in Imperial Defence.

In the Naval Air Section, besides the usual reviews of the progress in naval air work in the British and foreign navies, the new organization of the French Naval Air Service is expounded by Capitaine de Vaisseau Vincent-Brechignac. It is of interest to note that in France, where there is in existence not only an "Armée de l'Air" independent of the Army and Navy but also a Minister of Defence, the Navy is accorded the full measure of control over its own Air Arm which the British Navy has been demanding for many years in this country. The question of the Fleet Air Arm is referred to not only in the editor's summary but also in the final chapter by a pseudonymous author who, from internal evidence, would seem to have belonged to the Royal Air Force—in both places with a refreshing absence of the heat which the subject seems so often to have engendered elsewhere. Another anonymous author provides a survey of the problems raised by the project of a transatlantic air service, and the general manager of Imperial Airways writes of the flying-boat routes of the Empire.

There are the usual tables of reference, giving details of the dimensions, armament, &c., of the warships of the world, which, with the diagrams, plans, and profiles of ships, have been revised by Mr. S. H. Watson, of the Royal Corps of Naval Constructors; and the reference section again contains White Papers, treaties, and other official documents of the year

Coronation Services At Cathedral

(Continued from Page 1)

The Dedication
Then, the congregation standing before him, the Minister, standing at the Holy Table or in some other convenient place, shall address them saying:

Brethren, you have heard that our King goeth forth with his Queen unto his hallowing, to be anointed with holy oil, and to be crowned, for the service of God and of his realm and Empire. You have heard also that we his people are summoned to dedicate ourselves with them to the like high service. Now, therefore, let us renew before God the profession of our Baptism, and offer ourselves to him for the service of his kingdom.

Let me, therefore, call to your remembrance the vows and promises made at your Baptism, that you may pray for God's grace to keep them.

First, it was promised and vowed in your name that you would renounce the devil and all his works, the vain pomp and glory of the world, with all covetous desires of the same, and the carnal desires of the flesh, so that you would not follow nor be led by them.

"Then shall the congregation say."

Grant us grace, O Lord, now and ever to fulfil this vow.
"Then shall the Minister say, Secondly, on your behalf profession was made of the Christian faith."

"Then shall the congregation say."

Grant us grace, O Lord, now and ever to continue in this faith.

"Then the congregation shall make its profession of faith and say together the Apostles' Creed." I believe in God.

"Then shall the Minister say." Thirdly, it was promised and vowed in your name that you would obediently keep God's holy will and commandments, and walk in the same all the days of your life.

"And the congregation shall respond."

Grant us grace, O Lord, now and ever to fulfil this vow.

After this the order of Holy Communion is continued, following the same course as at the Coronation itself, when, having received their crowns and other regalia and having taken their vows, the King and Queen receive Holy Communion. 6.30 P.M.—A Form of Prayer and Dedication

This service commenced for general use by the Archbishop, is used here with the sanction of the Bishop of Hong Kong. It begins with the hymn, "Praise the Lord, ye heavens adore Him." The Preparation contains the Exhortation, settling forth the purpose of the Service to pray for our Sovereign and the Queen, and the dedication of ourselves anew to the service of God; Confession, the Absolution, the Lord's Prayer and special responses; and ends, after singing Psalm 21, with the reading of the Lesson, Deuteronomy 30, 9-14.

The second part of the Service contains the Thanksgivings and Intercessions. There follows the hymn, "Lord, while for all mankind we pray"; the address, followed by the hymn, "Thy kingdom come."

The conclusion of the service is the Dedication, of which the words are printed above in the form for Sunday morning.

CORONATION DAY

Wednesday, May 12, 11 a.m.—The Form of Prayer and Thanksgiving to Almighty God

This form, which is commended by the Archbishops of Canterbury and York, has four parts.

(i) The Introduction, in which the hymn "All people that on earth do dwell" leads after responses to the Exhortation, turning the minds of the congregation to the Abbey Church of St. Peter at Westminster, "whither our King and Queen are coming to receive from God the anointing, which seals their life's service and bestows God's grace for its fulfilment, and the Crown, which are the emblems of their royal state."

(ii) Penitence.

(iii) Prayer, beginning with the hymn "O God of Jacob." Prayers are offered for the King and Queen and the British Empire and for all its people. There follow the words, "Let us now in silence offer our loyalty to Christ the King, and dedicate ourselves with our King and Queen to the service of God and of our fellow men." The section ends with the hymn "Lord, while for all mankind we pray."
